1 On receipt of the Comptrollers letter No comp No L & A No 30-33-34 of 20th Sept last addressed to the Superintendent of the Industrial school, I called for references in this Office and found that the Supt in his letter No 46 of 11th July 1908 addressed to the Dy. Edn sought for permission to get the woodwork required for a house which he was building in the Lakshmipuram Extension to be done up in the Industrial School by Nabee who was the Asst Supt Edn at the time without giving the permission called for a statement showing what work the Supt wanted to be made in the School together with the estimated cost and a certificate that the cost would be calculated according to the rates allowed to the General public To this memo no reply was received from the Superintendent and it was only when the Comptrollers letter addressed to the Supt was received that this Office became aware of the unauthorised procedure of the Supt The Supt was therefore asked to explain why no reply was sent and how he accounted

of the case do not justify any departure from the usual method of recovering Govt dues by instalments of one-third of salary

I agree

14 Action has already been taken by the Comptroller and the recoveries may be allowed to be effected in ordinary course.

Do

15 The Inspector-General of Education has stated in his note of 14 10 1912 that the Comptrollers action is not in conformity with the orders of 11 11 1908 as that order contemplates recoveries being effected by the Comptroller at the instance of the Head of the department But he does not state why the Head of the Dept allowed in this case arrears to accumulate to the extent of about Rs 15000 going back in the case of some customers to many years past The order of 11 11 08 contemplates recovery in such cases within three months. In this case of some amounts have become irrecoverable by long delay as is probably the case Who will be responsible for the loss to Govt? Prompt action has been taken by Comptroller to secure Govt against further loss He kept the Hy and Govt informed of the measures

though the Comptrollers action was ~~perhaps~~ technically irregular & might perhaps have been more in accordance with the peculiar circumstances of the case in which heavy outstandings had accumulated during the years ~~or~~ the Govt only against outsiders but also against the staff of the School required prompt action

NOTE - Contn sheet

3348

he was adopting Much need not therefor be made of what is at most a technical irregularity and the action taken by the Comptroller need not be disturbed

24 The Inspector General may be asked to see that the arrears are promptly adjusted in consultation with the Comptroller The action taken by the Comptroller is apparently as regards dues from first servants and the IG may be asked to take equally prompt action in respect of amounts due from outsiders pensioners &c He may also be asked to apply the first order of 11 11 c strictly in future with the help of the Comptroller.

I agree

27 The conduct of the Supdt & Asstt Supdt (now offg Supdt) in making large purchases on credit without any orders from the institution in this charge a serious matter but as recoveries are now being regularly made they may perhaps be let off with a warning

M
15/1/13

objection highly reprehensible IG to see that the dues are recovered promptly & that no such irregularities occur again

OFFICE OF THE COMPTROLLER MYSORE GOVERNMENT

Dated Bangalore the 20th September 19 12

FROM

J S CHAKRAVARTI Esq MA
FRAS etc
Comptroller to the Government of
His Highness the Maharaja of Mysor

To

The Superintendent Esq
Industrial School
Mysore

Sir

I have the honour to state that during my recent inspection of the accounts of your institution I observed that a sum of about Rs 12 000 was due to the institution from persons who have purchased articles or got work done in the school workshops The magnitude of the outstandings led me to analyse the figures somewhat minutely and the results of my investigations so far as I have carried them appear to indicate a very unsatisfactory state of affairs

2 It has been observed that large sums are due from various persons and that amounts are allowed to remain outstanding for months and in some cases for years together G O No I 1343-70/Pris 13-08-4 dated the 11th November 1908 is clear in this respect This order was specially brought to your notice by the Inspector-General of Education in his letter No 4654-92/235 dated the 9th December 1908 It was pointed out by the Inspector-General of Education that under the orders of Government if the bill of charges presented by a Government institution is not in any case paid within three months after presentation the amount should be recovered from the salary of the officer concerned on the application of the Head of the Department to the Comptroller It does not certainly reflect credit on the management

GPB—2 500—20 9 10

management of the institution that in spite of the clear orders of Government and the summary powers given to effect prompt recoveries through the Comptroller such a large sum is outstanding, the bulk of it being due from persons in the service of Government

3 In my opinion, the reason of this serious irregularity is not far to seek The amount due from Mr G Subbusami Iyer, ~~xx~~ Superintendent on special duty is now Rs 925-11-7; at one time the amount due from him was above Rs 1,800. The amount due from Mr M G Ramachandra Rao, acting Superintendent, is Rs 1,224-4-4 It is clear that the orders of Govern ent referred to in para 2 have been grossly violated in these two cases hen the Superintendents themselves broke the Government order for their own benefit it is easy to imagine that they felt unable to carry out the orders of Government in respect of other parties in the matter of recovery In fact, it is found out by calculation that the total amount due to the institution from the employees of the institution themselves amounts to Rs 2,818-13-0 on this date and that as many as 17 employees are debtors for more or less long periods The inference seems irresistible that, for reasons of a personal nature, the Superintenderts have not been able to carry out the orders of Government on a matter of vital importance like this

4 Under these circumstances, no option is left to me but to take on myself the carrying out of the Government Order of the 11th November 1908 and to effect prompt recovery of all amounts due from Government officers for more than three months In accordance with the spirit of rule (3) under article 16 of the Civil Account Code I should be fully justified in stopping the pay of the officers concerned altogether till the whole amount due is recovered and I feel strongly that such a course would not be at all inappropriate at least in respect of the Superintendent and the acting Superintendent But in order to avoid the great hardship which may result by the total stoppage of pay I will issue instructions for withholding one-third of the pay in each case month by month until adjustments are completely effected

5 I have asked the Auditor at present ~~xxxxx~~ engaged in examining the accounts of your institution to furnish me with a complete list

list of outstandings for over three months from Government employees and on receipt of the statement from them I will instruct my office to issue the necessary retrenchment slips In the meantime I shall be obliged if you will kindly let me know the reasons why the orders of Government communicated to you by the Inspector-General of Education in respect of this matter were not carried out I should also like to know if you have anything to say about the procedure of recovery which has been indicated above

No immediate action is necessary as regards the recoveries in question I have addressed this letter to you direct to save time The retrenchment slips will issue after a week from this date I am sending copies of this to the Inspector-General of Education and to Government for such further action as they may wish to take

I have the honour to be

Sir

Your most obedient servant

Education in Mysore,
Bangalore

Sr

In continuation of my letter No L A D /Camp 32-33-34 dated 20th September 1912 forwarding copy of letter No L A D /Camp 32 of the same date to the Superinterdent, Industrial School, in regard to the recovery of the heavy outstandings due to the School, I have the honor to observe that the Superinterdent does not appear to have taken any steps for the early adjustment of the long outstanding dues Please see copy of his letter o 362 dated 6th October 1912 herewith sent

/

PN

The only course now open is to enforce the orders of Government contained in Proceedings No I 1345-70/Fr 13-08-4 dated the 10th November 1908 by issuing necessary retrenchment orders The action I have taken will be seen from the enclosed copies of communication which I have sent to the several ~~debot~~ debtor officers, and Heads of Offices, the Officials serving in which have defaulted in making payments to the School My suggestion is strictly in accordance with the Government Order already referred to and I request you to be so good as to inform me as early as possible if you think any further action necessary

The retrenchment orders issued cover only the cases of Government employees It has been ascertained that a sum of money amounting

amounting to over Rs.2,000/- is due from retired officers and other privat gentlemen, and that a sum of 4,600 and odd rupees is payable by Government Institutions. It is not clear, under what authority credit was allowed to private persons without obtaining the necessary deposit in advance In regard to the amounts due by such persons, I request you to take such steps as will ensure their recovery as promptly as possible The steps taken may kindly be intimated to this office to enable it to look for the credits that should appear under the ~~Superintendent~~ orders you may issue to the Superintendent for collecting dues of this class.

As regards the dues from Government Institutions, it will be seen from a reference to the statement of outstandings furnished by the Special Auditor now at Mysore (copy herewith for reference) a sum of Rs 198-3-0 is due from the Chief Superintendent, Government Technical Examination, and a sum of Rs 3,383/- has to be adjusted by your office There is no reason why these amounts due to the School should not be paid at once The Superintendent may be directed to submit bills claiming the amounts due, to the officers concerned and if these latter accept the charge and point out the sanction supporting it and the source from which it should be met this office will, on receipt of such bills, at once effect the necessary adjustment and enable the School to reduce its outstandings The want of sanction or provision is no reason for delaying the payment due to the School and the Officers concerned may be requested to arrange for the settlement of their account with the School with the least delay possible.

I have the honor to be,

Sir,

Your most obedient servant,

(Sd) J S Chakravarti,

Comptroller.

Bangalore

Sir

With reference to your No L A D /32-33-34 dated 20th September 1912 and in continuation of my No 326/26-9-1912 I have the honour to state that most of the amounts thus outstanding were for supply of materials for house building Orders for articles of furniture give the boys of the school good practice in various kinds of joints &c and improves their taste in designing furniture This has therefore to be kept as the most important object in view As the school has also to serve a public need and as house building materials were found to be of greatest importance to Government servants and others of moderate means in this place this work had to be taken up by the school to a certain extent without prejudice to the first The supply of materials had therefore to be leisurely made and most of the customers whose means were limited found this convenient as they could pay the amount due in easy instalments and keep in fact a running account

In reply to my call for immediate payment of their dues which was sent on receipt of your letter under reply they represent that Government order referred to in your letter does not seem in their humble opinion applicable to their cases until the orders are completed fully There are very few such cases Inspite of

of order not seeming applicable to these cases a copy of the letter of the Inspector General of Education was as soon as it was received enclosed and sent round to the customers for immediate payments of their dues and collected certain amounts I enclose a specimen copy of the same thus sent for your information This order has also been availed of in recovering through departmental heads amounts due to the school from such gentlemen as were not likely to pay I give their names in the margin It is further seen that reminders have been issued from 4 to 6 times a year If office copies of them were to be referred to the word ings in some of them would be found to have been severe In the current official year reminders have already been sent twice and dues have as usual been recovered It will thus be seen that neither the permanent Superintendent nor myself have been keeping quite as considered by you without trying to collect the dues

1 Charles Rozario Sub Overseer City Improvement Trust Board
2 C Ramachandra Chetty Octroi Daroga Mysore
3 Ramaprasad Engine Driver Mysore City Municipality
4 Sesha Iyengar Store-keeper Palace Division P W D Mysore

It is the impression of the public though it is in my opinion erroneous that the prices of articles made in the Industrial school are rather high People go to the school therefore simply because they can be sure of getting the articles though a little late and because they can pay the amount due by easy instalments As the school has to attend to a number of orders from different people individual orders are necessarily delayed to some extent The present system seems however a necessity for the school if it is judiciously exercised

I wish to add that in the first twelve years of the school from February 1892 to June 1904 the amount of remittance into the Treasury was Rs 14360/- and there was an outstanding of nearly Rs 3300/- on the 1st July 1904 All this was subsequently collected and a bad debt of Rs 340/- was written off

In the subsequent 8 years from 1st July 1904 to 30th June 1912 a sum of Rs 84000/- has been remitted into the Treasury and the amount of outstandings from private individuals is only Rs 9570/- It is not likely that there will be any bad debt unless it be by means of death &c which will not amount to more than Rs 100/- at the most It will thus be seen that the condition is evidently better than before I further beg to add that the rate of wages charged for several orders will be found to be almost uniform if the rates for different individuals at different times be compared The permanent Superintendent and myself have scrupulously tried to observe this in our own cases and in the case of those employed in the school It will be a hardship to those employed in the school if they are by this accident refused the same conveniences as other outside get from the school The detail accounts admit of safe check and no fear of any irregularity need be entertained

As regards the proposal of recovering the amount I beg to submit that I may myself be allowed to recover them either in a lum or in easy instalments before 30th June 1913 The instalments may be fixed at Rs 5/- in all cases where the salary is not more than Rs 30/- and at $\frac{1}{6}$ of the salary where it is above Rs 30 Such cases that are not under this condition closed (and there are not many like that) by June 1913 may be allowed to be completed in the next year If customers do not continuously pay the amount for tw months on these conditions I undertake to report their names to yc for issue of retrenchment slips As it seems in my humble opinior that it will be unfair to customers of the school if retrenchment slips are issued without consulting them I have consulted them and submit these proposals as they appear to me reasonable

I wish also to add that this system which was in force from the beginning of the school was continued In future it may be ruled that gentlemen that take articles from the school in a certain official year must pay off the dues within three months after the expiry of that official year In case of materials for housebuild-

ing

(1

housebuilding where the amount due may sometimes be large it may be ruled that credit at any time must not exceed six months' salary of the gentlemen and the amounts due for the articles purchased in an official year must be paid by the close of the next official year

I have ventured to make these suggestions in view of the fact that housebuilding is very important in a place like Mysore where good houses are not available to live in and where people that require houses are respectable people of very limited means and I beg that my proposal will have your entire sympathy and support

I wish also to add that Rs 2605-7-11 of the outstandings have been collected in the current official year

I have the honour to be
Sir
Your most obedient servant

SEC TO I Edn
FILE No 115
CHIA No 5

SIR

I have the honour to acknowledge the receipt of your letter no 5606/345 dated the 23rd November 1912, regarding the recovery of the heavy outstandings of the Mysore Industrial School

2 It is, as you say, quite clear that the Comptroller is to take action in such cases on the application of the Head of the Department In this case, the matter being urgent, I took action and reported to you as I was confident that the steps taken by me would have your full concurrence If you wish the action taken by me to be modified in any way, I am ready to act according to your suggestions, but I have no reason to think that any action taken by me in this matter will be disapproved by you

3 In my letter no Camp 33 dated the 30th September 1912, forwarding to you copy of my communication to the Superintendent, Industrial School, I explained how the heavy outstandings in the school required immediate action When any important irregularity is discovered in the course of a local audit, it is usual to take separate action at once

once in respect of that irregularity instead of awaiting the receipt of the complete report The audit report would deal with all the irregularities noticed in the course of audit, whether they are serious or merely technical defects, and in disposing of the report as a whole, there would necessarily be some delays and important defects may not receive the prompt attention they deserve, if dealt with as items in a large and technical report

4 In regard to the recovery of outstandings, apart from the requirements of the strict order of Government on the point, it is obvious that the longer they are allowed to remain unadjusted the less would be the facility for their recovery and the risk of ultimate loss by some part becoming irrecoverable increases with the lapse of time

5 As I received no reply to my letter, No Camp 33 dated the 20th September 1912, above referred to, I understood that the method of recovery I suggested had your approval and necessary communications, regarding the issue of retrenchment orders, were addressed to the Superintendent of the school direct to avoid delay as far as possible, a copy of the communication being also sent to you at the same time I may add that I have also kept Government informed of the action taken in this matter from time to time

6 The audit of the accounts is expected to take some time more, and the report drawn up by the auditor will have to be scrutinized carefully in my office before it can be despatched to you for needful action In the meantime, I hope that you will agree that energetic action should be taken to recover the old outstandings

The following action, as you are aware, has been taken by my office already to recover the sum of Rs 5,869-13-9 which were due from Government officers and subordinates

(a) Separate Retrenchment orders have been issued in the case of

of Gazetted officers, who draw their salary on their own bills or on cheques A list of such officers is given in Statement I

(b) In the case of officials, who are indebted to the School, communications have been sent to the Heads of their offices (Vide Statement II) They are requested to pay to the Treasury by shortdrawal in the monthly establishment pay bills, commencing from those for November 1912, payable in December 1912, an amount not less than 1/3rd of each debtor official's salary bill his dues are cleared When, however, by reason of other deductions to be effected from the salary of an official, the net amount left to him is less than half of his salary, the deductions for the Industrial School dues should be so regulated as to leave him one-half of his monthly emoluments

8 The other amounts outstanding are -

(a) From Government Pensioners and other private gentlemen over Rs 2,000/-

(b) From Government Departments Rs 4,617-3-3

As regards these, I requested you in my letter No 33232/417 of the 15th November 1912, to take such steps as will ensure their realisation as promptly as possible I have no doubt that you have taken the necessary steps and will in due course intimate them to this office to enable it to look for the credits that should appear under the orders you may issue to the Superintendent for collecting the dues of this class

9 The favour of an early reply is requested, informing me that you concur as regards the action referred to in para 7 above and intimating the action you have taken in respect of the outstandings referred to in para 8

I have the honor to be,

Sir,

Your most obedient servant,

Sd J S Chakravarti,

Comptroller

Letter No 5606/345 dated 23rd November 1912 from the Offg Inspector General of Education in Mysore to the Comptroller to the Government of Mysore

---

With reference to correspondence ending with your letter No 3328/417 of the 14th Instant, in regard to the recovery of the outstandings due to the Industrial School at Mysore, I have the honour to invite your attention to Government Order No J 1343-70/Pri 13-08-4 dated 11th November 1908 which makes it clear that the Comptroller is authorised to issue retrenchment slips on the application of the Head of the Department Further, the procedure adopted by you has left out of consideration the disciplinary rule that generally communications to the subordinates of a Department in matters of the kind under reference should be made through the Head of the Department I may be permitted to point out in this connection that the audit of the Industrial School accounts by your office was undertaken at the instance of the Inspector General as requested in this office No 6274/374 dated 3rd February 1912 and a report regarding the results of the audit is due to this office in the first instance In the absence of such a report, it was not possible for me to investigate the matter, to fix the responsibility and to advise the necessary steps

Proceedings of the Government of His Highness the Maharaja of Mysore

---o---

Read -

Letter No L A D 239B/C 34 dated the 20th September 1912 from the Comptroller, Mysore Government forwarding for information copy of his letter No L A D 32-34 /C of the same date to the Superintendent Industrial School, Mysore, stating that on his recent inspection of the Accounts of the School it was observed that a sum of about Rs 12,000 was due to the Institution from persons who have purchased articles or got work done in the School Workshops and issuing certain instructions for the recovery of the large amounts due for more than three months from Government Officers including the Superintendent and Assistant Superintendent of the School

2 Memo No 3329 dated the 4th November 1912 from the same officer forwarding copy of his letter No 3328/417 of the same date to the Inspector General of Education in

(7.

Mysore, stating that the Superintendent of Industrial Schools, Mysore, did not appear to have taken any steps for the early adjustment of the long outstanding dues and that he had therefore issued retrenchment orders for the recovery of the amounts due from Government Officers and requesting the Inspector General of Education to take necessary steps for the recovery of the amounts of over Rs 2000 due from retired officers and other private gentlemen and of Rs 4,600 and odd payable by Government Institutions

3 Correspondence ending with letter No 6186/345 dated the 4th December 1912 from the Inspector General of Education in Mysore on the subject, and

4. Memo No 4212/L A D 586 dated the 2nd December 1912 from the Comptroller, Mysore Government forwarding copy of his letter No 4211/585 of the same date to the Inspector General of Education furnishing a detailed report of the action taken by him in regard to the recovery of the

heavy outstandings of the Mysore Industria Schools

- - - - - - - - - - -

Order thereon No 2226-7 Edn 115-12 6

Dated Bangalore 25th August ~~May~~ 1913

The following amounts were said to be due to the Industial School, Mysore at the time of the inspection of the accounts by the Comptroller -

1	From Government Officers & Subordinates	Rs 5969-13-9
2	From Government Pensioners & other private gentlemen	Rs 3000/- (approximately)
3	From Government Departments	Rs 4617-2-3
	Total	Rs 12587-0-0

2 In Government Order No J 1343-7/~~Rlg.~~ Pwo 13-08-4 dated the 11th November 1908 it ~~ha~~ has been directed that in the case of Government Officers purchasing articles on credit from Departments of the State the amount should be recovered from their salary on the application of the head of the Department to the Comptroller if the bills

are not paid within three months after presentation In the present case it is seen that no such action was taken by the Inspector General and a large amount was left outstanding from Government Officials and others When this state of things was noticed by the Comptroller in the course of his audit he issued orders for recovering the amounts due from Government Officers and officials from their salaries and requested the Inspector General of Education to take the necessary steps for the recovery or ~~the~~ adjustment of the amount due from private gentlemen and Government Institutions Though this action of the Comptroller was technically irregular and ~~ought to~~ might perhaps ~~might perhaps~~ have been more in accordance with the terms of the Government Order dated 11th November 1908, the peculiar circumstances of the case in which heavy outstandings had accumulated not only against outsiders but also against the staff of the School required prompt action The action taken by the Comptroller in re

recovering the amounts due from Government servants from their salaries is approved

3 The Inspector General of Education is requested to see that the arrears are promptly adjusted in consultation with the Comptroller and to take necessary steps at once for the recovery of the dues from ~~outsiders~~ private persons, pensioners &c He should enforce the Government Order of November 1908 strictly in future with the help of the Comptroller

4 From the Comptroller's report it is seen that at the time of his inspection a sum of Rs 925-11-7 was due to the School from Mr G Subbusawmy Iyer, Superintendent of the School and Rs 1234-4-4 from Mr M G Ramachandra Rao Assistant Superintendent At one time the sum due from the Superintendent was Rs 1800 The Inspector General of Education is requested to obtain the explanation of Mr Subbusawmy Iyer for having purchased articles on credit for large amounts from the Institutio

(27

for the management of which he was personally ~~under his charge~~ responsible

5 Government are constrained to express their displeasure at the conduct of Messrs Subbusawmy Iyer, Superintendent and Ramachandra Rao Assistant Superintendent, now acting as Superintendent in obtaining larg credits from the School without obtaining due sanction and in not making payments promptly They have abused their position and should be asked to pay up the amounts due at once In future the members of the Industrial and Technical Schools should no be allowed to have any transaction of a personal nature with the workshops attached thereto

6 The Inspector General of Education is requested to submit a report as to how fa the amounts due from other Government Officers and private persons have been adjusted In future when credit is given it should be understood that the officer in charge of the Institution renders ~~him~~ himself

himself personally responsible for the recovery of the amount due
